www.healthstimulusx.com

Dear Colleague,

While the country is contemplating the potentials of healthcare reform, healthcare IT is embarking on an unforeseen era of opportunity. The challenge that many healthcare organizations are grappling with is how to maximize their IT investments whilst satisfying the requirements for stimulus funds.

For the \$38 billion in incentives for hospitals and physicians under the ARRA - HITECH Act to be utilized effectively there has to be much coordination and collaboration across the healthcare ecosystem and a unified approach to change.

The Chicago Healthcare Stimulus Exchange Program, brings together multiple connected health stakeholders from across the Mid Western United States in an open collaboration to discuss, how they can maximize the opportunity provided by the American Recovery and Reinvestment Act (ARRA).

Federal HIT Policy Advisors and CMS representatives will deliver updates regarding the rationale and final disclosure status of the 'meaningful use' criteria. Leading Health Systems, Clinics and Group Practices will provide a pragmatic view of the incentive program and how organizations can best position themselves now for maximum benefit in 2011.

State Government, State Designated Entities, HIEs/RHIOs and designated RECs will further demonstrate how the emerging infrastructures that will ultimately fulfill the promise of 'meaningful use' and a more widespread EMR adoption.

We hope you will join us in Chicago June 22-23 2010 for the most important regional collaboration under the stimulus program in 2010.

7.00-8.45 Registration & Breakfast**8.50-9.00 Introduction: Rob Waters, VP Development Healthcare Stimulus Exchange****9.00 -10.00 Keynote Address: Health IT Innovation & Transformation****Dr Aaron McKethan, Beacon Program Director, Office of the National Coordinator****10-10.30 Break in Exhibit Hall****10.30-11.30 NeHC Listening Session: What have you heard about NHIN? Is it fact or fiction?**

Session Overview: Experts representing the National eHealth Collaborative, a bi-directional feedback between health IT stakeholders and decision makers, will participate in an interactive discussion with participants to share information on, and gather feedback about, the Nationwide Health Information Network (NHIN) and its affiliations with other programs.

Panelists:**Thomas Fritz, American Hospital Association Representative at the NeHC and CEO Inland Northwest Health Services****W. Holt Andersen, Executive Director, North Carolina Healthcare and Information and Communications Alliance (NCHICA)****11.30-12.30 Health Systems: Planning for Meaningful Use and Community Connect**

Session Overview: This Discussion will focus on how health systems intend to implement HIE to qualify for Meaningful Use, with an emphasis on how MU can help drive local/regional communities of providers and health plans towards health information exchange with each other. Also, the panel will discuss how HIE can address coordination and cost issues that can be solved with better, richer access to data.

Moderator: Greg Linden, VP CIO Stratis Health**Panelists:****David Liebovitz, CMIO Northwestern Memorial Hospital****David Stumpf, M.D., Ph.D., SVP Clinical Data Strategy, United HealthGroup****Kathy Young, CIO, Centegra Health****Stephen Brown, Director Technology Projects The Urban Health Initiative, University of Chicago Medical Center****12.30 - 2.00 Lunch in Exhibit Hall****2.00-2.45 Regional Leadership: Ambulatory Clinic/HIE Perspective Putting Quality into Action:****Indiana's Triple Crown of Health IT Stimulus Awards****J.Marc Overhage MD, CEO President Indiana Health Information Exchange****Session Overview:**

As one of only a few states to receive the three main Health IT Awards by the Department of Health & Human Services, the \$16M Indiana Health Information Exchange-led Indiana Beacon Community serves as the cornerstone for Indiana's health IT quality improvement efforts. This presentation will focus on what Indiana is doing that is different and unique in health information exchange and quality improvement efforts, and how the Indiana Beacon Community is the capstone for translating other Indiana ARRA programs in Health IT (\$10M State Health Information Exchange Cooperative Agreement Program and Purdue University's \$12M Regional Extension Center) into specific, measurable outcomes and transformational approaches into meaningful use.

2.45-3.15 Break in Exhibit Hall

3.15-4.15 Roundtable: Managing change throughout the EMR deployment cycle/breaking down barriers to adoption

Moderator: Richard Walsh, Director Strategic Initiatives, Greenway Medical Technologies

Panelists:

Dr Fred Rachman, MD, CEO of the Alliance of Chicago Community Health Services

Dr Mark Shields, Senior Medical Director for Advocate Physician Partners, VP Advocate Health

Stasia Kahn MD, VP & CIO Northern Illinois Physicians for Connectivity & Co-Founder of Fox Prarie Medical Group

4.15-5.00 HIE Success Factors: Critical success factors for Health Information Exchanges (HIEs) and how they relate to current National Goals

Session Description: Dr William Braithwaite, CMO Anakam, Former Senior Advisor HIT Policy Department of Health and Human Services (DHHS)

- will discuss the critical success factors and the logical dependancies between Health Information Exchanges (HIEs) and the long term national goal of higher quality, lower cost healthcare. Lean why 'trust' is one of the key ingredients needed to meet 'meaningful use' and how strong identity management is required to engender that trust.

Liesa Jenkins, Executive Director of Carespark RHIO

- will discuss the pitfalls, challenges, successes and future outlook for identity management from the RHIO perspective. She will also identify the key role which the provider, HIE, state and federal entities could play in this effort.

5.30-6.30 Cocktail Reception in Exhibit Hall

7:00 - 8:00 Breakfast**8:00 - 8:45 Keynote: “Local, State and National Perspectives on Health Information Exchange”****Michael Matthews CEO, MedVirginia**

As a fully operational HIE and the first to go into limited production on the Nationwide Health Information Network, MedVirginia has unique perspectives on demonstrated value of HIE initiatives. From support to local safety net providers to its partnership with the SSA to automate disability determinations, MedVirginia will share approaches to collaboration that result in value creation for multiple stakeholders. Also discussed will be the importance of ensuring that all providers and patients realize the benefits of health IT and HIE.

8:45- 9:00 Break in Exhibition Hall**9:00- 10:00 Plenary Session: An ARRA EHR Certification Alternative for Hospitals****Alisa Ray, Executive Director, Certification Commission for Health Information Technology (CCHIT)****Patricia Becker, VP Technology Services and CIO, University HealthSystem Consortium****Session Overview:**

As hospitals anticipate the benefits of federal incentive payments for meaningful use of certified EHR technology, some face an unexpected hurdle.. Many hospitals will be able to meet the requirement through the use products purchased by vendors, but many may to achieve it on their own. Hundreds of hospitals have built their It capacity over the past decade or so, through multiple commercial products, internal development or a mix of both. Without the ability to certify this self developed or legacy technology, hospitals will lack the first prerequisite for qualifying for the incentives.

10:00 - 11:00 HIE/Health System Roundtable: Health Information Exchange ROI and Benefits Derived in Improving Patient Care**Session Overview:**

Health Information Exchange is no longer an option – but what exactly is Health Information Exchange and how does it improve care for patients while benefiting the hospitals bottom line. The speakers will compare their hospitals referring physicians workflow pre and post HIE, ROI derived and how they got the HIE to pay for itself and their plans for connecting into regional and state exchanges where they exist.

Moderator: Ed Novelli, Senior Director Axolotl Corp**Panelists:****Deb Bass, Interim Executive Director, Nebraska Health Information Organization****Ed Duryee, CIO, EMH Regional Healthcare System****Valerie Glesnes-Anderson, Acting Director Capital Area RHIO****11:30 - 12:30 Regional Extension Centers (RECs): What support will State Designated Entities and Regional Health IT Extension Centers (RECs) provide now and throughout my EMR deployment?****Moderator: Ed Barthel, MD, MS Director of Connected Health, Microsoft Health Solutions Group****Panelists:****Mary McGiness, HIE Program Director, Office of Health Information Technology, State of Illinois****Jenny Whitham, Director of Information Services Division, North Dakota Department of Human Services (DHS)****Monica Arrowsmith, Director Indiana Health IT Extension Center**

12:30 -1:30 Privacy and Security: Compliance in the ARRA Era

Amy Leopard, Partner & Practice Leader Healthcare Technology & Bioscience, Walter & Haverfield
David Mayer, US Department of Health and Human Services (HHS) office of Civil Rights

Session Description: Are you ready to navigate the Compliance Risks under the ARRA/HITECH? Gain an understanding of the legal and regulatory challenges presented under HIPAA, HITECH and the Stark and anti-kickback laws. Join us for a presentation on the following issues:

- 1. Properly aligning Hospital and Physician EHR adoption and data sharing without a foul of referral laws.**
- 2. Compliance Issues under the OCR Privacy and Security Rule and CMS Meaningful Use Rule.**
- 3. Rules of Engagement for Business Associate Relationships.**
- 4. Harmonizing HIPAA and HITEC for Patient Engagement: Notice, Accounting for Disclosures and Release of Information.**

Event Details Chicago Healthcare Stimulus Exchange (HSX) June 22-23rd 2010

The Chicago 'Healthcare Stimulus Exchange' is the Mid West leg of the National 'Healthcare Stimulus Exchange' Road Show
www.healthstimulusx.com

The Chicago HSX provides pragmatic and actionable insight into Federal Policy and Incentive Programs on regional connected health strategies that are underway in the Mid West Region of the US. National policy makers will deliver all the latest information from Washington as the strategy and details are being finalized. Regional Health Systems and Information Exchanges will be sharing their approaches and early successes.

The event series is brought to you by Healthcare IT Connect with the support of Official Media Sponsor Healthcare IT News.

Cancellation and Substitution Policy

If you must cancel for any reason you must notify us in writing 30 days prior to the event dates. Cancellations within 30 days of the event are non-refundable. You may transfer your registration to another person 30 days prior to the event dates by providing authorization to us at register@healthstimulusx.com. Confirmed and paid attendees who do not attend or who cancel after the deadline are liable for the entire fee. In the unlikely event of cancellation of the conference, the liability of Healthcare IT Connect is limited to the return of paid registration fees.

Disclaimer

Healthcare IT Connect reserves the right to cancel an event or alter any part of the program without notice.
